KEEP AN EYE ON HEALTH

The Berenbrinker health program

www.berenbrinker.de

Our value system

We let actions speak.

Flexibility, reliability, speed, service and quality - this is what we and our products stand for. As a manufacturer of ophthalmic medical devices, we are based in Verl, Westphalia. From here, our experienced team ensures that our individual solutions help to heal diagnosed eye conditions. To this we cooperate closely with ophthalmologists and orthoptists.

HEALTH, THAT YOU CAN SEE

Our solutions and products facilitate the necessary therapies in the long run. For young patients in particular, we offer gentle and comfortable solutions that are easy to use and gentle on the skin.

We will be happy to advise you.

Service im Gesundheitswesen

HEALTHCARE SERVICE

What you can expect

In the healthcare, the name Berenbrinker stands for innovative products that customers - and especially young patients - can absolutely rely on.

Hypoallergenic and extra skinfriendly eye care products are part of the range.

Hospitals, rehabilitation facilities and pharmacies as well as ophthalmologists, orthoptists, neurologists, psychologists and their professional associations use and recommend the innovative medical devices from our company.

HEALTH CONCERNS US ALL.

And to ensure that everything is right, from diagnosis to cure, it needs competent specialists, well thought-out therapies and, of course, the right products. We at the Berenbrinker company have geared our product range specifically to the topic of ophthalmology.

WATCH GLASS BANDAGES

OKKLUglas and the ventilated, non-fogging variant OKKLUglas AERO are skin-friendly and ergonomically shaped medical aids for the eyes. The watch glass bandage fits perfectly and offers maximum comfort.

OCCCLUSION PATCHES

The sustainable alternative to patch therapy is OKKLUEASY - an eye occlusion patch made of soft fleece! It is attached to the glasses and works reliably. For painless therapies without allergic reactions. Now in many new designs. **Now in many new designs.**

EYE PATCHES

If you want to relieve children as well as parents and appreciate harmony in the consultation, we recommend OKKLUPETZ for sensitive skin! Made from skin-friendly materials and with gentle adhesives.

EYE DRESSING

Only the best for eyes: OKKLUfix eye dressings are especially absorbent and made of high-quality raw materials. This is the only way to create quality that is just right when eyes need gentle protection the most.

SURGICAL KITS

Our experience and your know-how are incorporated into the surgical kits that are specially assembled for you. We assemble all the products you need for various ophthalmic surgical situations.

OKKLUglas

Watch glass bandages that protect and maintain quality of life

Rely on quality. Trust OKKLUGLAS. Comfort and protection day after day. Ideal for long-term therapies. Versatile in use. Also with UV protection.

OKKLUEASY

Eye occlusion patch for attachment to the glasses. The sustainable alternative to the eye patches for professional strabismus and amblyopia therapy

Finally: Therapy without stress, sticking, pulling, pain and red skin.

Therapists, parents and children are thrilled. Simply because a painless therapy without allergic reactions gets to the root of motivation problems! OKKLUEASY in **mini**, **midi**, **MAXI** or **maxi+**? With the OKKLUEASY measuring ruler you can determine the optimal size in no time at all!

OKKLUEASY

How OKKLUEASY is attached to the glasses? The video on [WWW.OKKLUEASY.DE](http://www.okklueasy.de) shows how it works!

- + the sustainable alternative to plaster
- + opaque
- + available in 4 sizes
- + fit on every pair of glasses, right and left
- + no sticking, no pulling
- + for strabismus and amblyopia
- + no grief
- + no allergies
- + material: soft fleece
- + washable by hand
- + many cool designs
- + cheaper over the whole therapy than occlusion plasters

OKKLUEASY is available in the following sizes:

- mini** | Lens size (WxH): 34-41 x 20-26 mm
- midi** | Lens size (WxH): 41-47 x 22-32 mm

- + breathable
- + gentle to the skin
- + in the colors „natural“ and „white“
- + They arouse creativity and motivate.
- + manufactured according to ISO-Norm
- + cool stickers included
- + not colored and therefore hypoallergenic

Soft and gentle for sensitive, young skin. Further information on

WWW.OKKLUPETZ.DE

For children, patch therapy is a difficult time. It shows in every minute of everyday life. **But how is therapy finally relaxed?** The answer: If you want to relieve children as well as parents and appreciate harmony in the consultation hour, we recommend OKKLUPETZ for sensitive skin!

Our occlusion patches are gentle, colorful and cool! Made of skin-friendly materials and with gentle adhesives.

Attention: OKKLUPETZ are never colored – this is especially good for sensitive children's skin!

To keep the fun going and motivate children through therapy, OKKLUPETZ come with great stickers. They arouse creativity and make the occlusion patches individually beautiful!

For professional wound care. Perfect when eyes need gentle protection most urgently need.

Quality for practice:

- ⊕ extra absorbent
- ⊕ made from high quality raw materials

OKKLUfix

Eye dressings for professional wound care

OKKLUfix is made from high-quality raw materials. Thanks to the highly compressed dressings inner layers, the protective character and optimal high absorbency are achieved. The outside of the dressing is made of skinfriendly fiber fleece and is pleasantly gentle. The self-adhesive eye dressing OKKLUfix is completely sterile packed and is perfect for super fast care.

SURGICAL KITS for eye surgery

The right tool for every case

In ophthalmology, precision and safety are paramount. As specialists, we support you in delivering the best result every day. With our products tailored to you, you can concentrate on what's important: Your patients.

Our experience and your know-how are incorporated into the surgical kits that are specially assembled for you. We assemble all the products you need for various ophthalmic surgical situations. Either according to our suggestions or according to your wishes. This saves you time in preparing for surgery, allows you to calculate costs transparently, and means that you are immediately ready for your patients, even in emergencies.

The advantages at a glance

- Uncomplicated purchasing management of complete OR solutions for your requirements
- Kits can be individually assembled from as few as 50 units
- Highest product safety and fast availability
- Stock storage with us on request - surgical kits can be ordered individually
- Lower costs and set-up times
