

# That's OKKLUEASY attached to the glasses.

Put the velcro fastener on top and then insert the eyeglass bow into the large side opening and push through. Pull the OKKLUEASY over the glass with gentle pressure, insert the velcro strips under the nose clip and fasten on top of the glasses. Finished! Further tips are given by therapists - in addition, each pack comes with detailed instructions for attachment.

- ⊕ fits left
- ⊕ fits right
- ⊕ fits always
- ⊕ guaranteed
- ⊕ on every pair of glasses

# OKKLUEASY
